

PUBLIC NOTICE
KENNEWICK IRRIGATION DISTRICT
NOTICE OF MITIGATED DETERMINATION OF NON-SIGNIFICANCE

TD 2023-03

NOTICE IS HEREBY given that the Kennewick Irrigation District (KID) has issued a Mitigated Determination of Non-significance under State Environmental Policy Act Rules (Chapter 197-11 WAC).

Action Description: The Main Canal Lining 11.0 & 12.0 Siphon Removal Project is located in the vicinity of the Main Canal Milepost 8.9 to 12.8 canal lining project (KID MDNS TD 2020-04) and consists of the removal of two existing 7.5-foot x 7.5-foot box inverted siphons at mile posts MC 11.0 and 12.0. Upon removal of the inverted siphons grading will occur to install an open channel canal within the disturbed area of the removed siphon. A concrete access ramp will be installed within the new canal which will primarily provide KID vehicular access for maintenance and safe stormwater discharge into the canal. In addition, this structure will provide a safe exit point from the canal for trapped animals.

After reviewing a completed environmental checklist and other information on file with the agency, KID has determined that the proposed action will not have a probable significant adverse impact on the environment. This determination is based in part on mitigating terms and conditions prescribed in the Mitigated Determination of Non-significance.

Public Review: Interested parties may view the Mitigated Determination of Non-significance and associated technical support documents on the KID website at www.kid.org.

Comment Period: KID will not act upon this determination for a period of at least fourteen (14) days. The public is invited to comment on this Mitigated Determination of Non-significance by submitting written comments to the e-mail address listed below. To be considered, all comments must be received by KID by the close of business on November 8, 2023.

For more information regarding this Mitigated Determination of Non-significance, please contact:
