

**PUBLIC NOTICE**  
**KENNEWICK IRRIGATION DISTRICT**  
**NOTICE OF MITIGATED DETERMINATION OF NON-SIGNIFICANCE**

TD 2024-03

NOTICE IS HEREBY given that the Kennewick Irrigation District (KID) has issued a Mitigated Determination of Non-significance under State Environmental Policy Act Rules (Chapter 197-11 WAC).

**Action Description:** In exchange for a slope easement, the Kennewick Irrigation District (KID) is proposing to fill in an existing, unused irrigation pond located on parcel 135972011926003 directly adjacent to KID right-of-way where the canal lining project under file TD 2020-04 is taking place. The pond will be filled in with the existing embankment that was constructed using material from the excavated pond during the original pond construction.

After reviewing a completed environmental checklist and other information on file with the agency, KID has determined that the proposed action will not have a probable significant adverse impact on the environment. This determination is based in part on mitigating terms and conditions prescribed in the Mitigated Determination of Non-significance.

**Public Review:** Interested parties may view the Mitigated Determination of Non-significance and associated technical support documents on the KID website at [www.kid.org](http://www.kid.org).

**Comment Period:** KID will not act upon this determination for a period of at least fourteen (14) days. The public is invited to comment on this Mitigated Determination of Non-significance by submitting written comments to the e-mail address listed below. To be considered, all comments must be received by KID by the close of business on March 27, 2024.
