

**PUBLIC NOTICE**  
**KENNEWICK IRRIGATION DISTRICT**  
**NOTICE OF MITIGATED DETERMINATION OF NON-SIGNIFICANCE**

TD 2025-04

NOTICE IS HEREBY given that the Kennewick Irrigation District (KID) has issued a Mitigated Determination of Non-significance under State Environmental Policy Act Rules (Chapter 197-11 WAC).

**Action Description:** The Main Canal Division III Turnout: Clodfelter Road project will construct a new turnout with delivery pipeline of 16-inches in diameter to supply the increased demand of the Clodfelter pump station. The new turnout will match the re-shaped canal prism constructed with canal lining activities and have an updated design to take advantage of the entire water column of the re-shaped canal.

After reviewing a complete environmental checklist and other information on file with the agency, KID has determined that the proposed action will not have a probable significant adverse impact on the environment. This determination is based in part on mitigating terms and conditions prescribed in the Mitigated Determination of Non-significance.

**Public Review:** Interested parties may view the Mitigated Determination of Non-significance and associated technical support documents on the KID website at [www.kid.org](http://www.kid.org).

**Comment Period:** KID will not act upon this determination for a period of at least fourteen (14) days. The public is invited to comment on this Mitigated Determination of Non-significance by submitting written comments to the e-mail address listed below. To be considered, all comments must be received by KID by the close of business on December 3, 2025.

For more information regarding this Mitigated Determination of Non-significance, please contact:

Seth Defoe, Land & Water Resources Manager; phone (509) 586-6012, email: [sdefoe@kid.org](mailto:sdefoe@kid.org)
